Mail: altajawab@gmail.com

Speech from the Director

Al Tajawab Trading and Contracting Company is a company with great foundations and lofty aspirations. Our goal is leadership in the construction, road and transportation contracting sector. This is achieved through an effective workforce with good foundations. I can say with confidence that we are making strong progress to build the future we aspire to.

Who are we

Al Tajawab Trading and Contracting Company is a general contracting company in the Sultanate of Oman with a wide and diversified portfolio in all engineering and technical specializations. Since its inception in the year 1984, the company has been %100 Omani. We know that success requires effective partners. In the year 2019 ,%33 of the company became owned by an investor so that we can continue the path of success at a steady pace. And new experiences

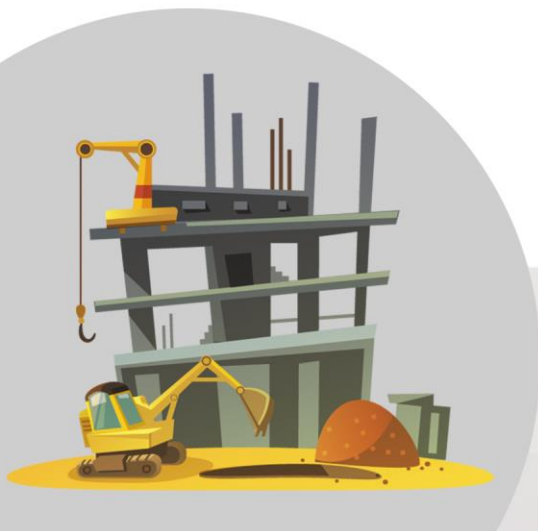

Al Tajawab Trading and Contracting Company is the product of an investment idea that has reached its planned conclusion in terms of deep and logical thinking, creating high value gains, in addition to growing and maintaining the trust of large contracts. The distinctive feature of the company was that we implement a wide range of contracts within the Sultanate and look forward to manufacturing and exporting.

Establishment

The company was established through its belief in the need for its presence as a supporter of the construction sector in the Sultanate. The company executed contracts worth more than ٢٠ million Omani riyals. In ١٩٨٤, Al Tajawab Trading and Contracting Company was established, an excellent company, and began its work as a pioneering company in its field. Since its inception, the company has adopted a balanced expansion strategy that allows for risk mitigation. While maximizing investment and achieving strong growth by maintaining diversified business allocations within contracts, the company was able to maintain consistent growth in its net profits as a result of this strategy.

Our vision

Our company reaches new heights. Our vision is to work towards becoming one of the global companies in the region. We also look forward to further developing the contract basket and strengthening its roots in the Sultanate of Oman, as well as the Gulf Cooperation Council countries

One of our most important priorities is to maintain a good reputation in the Omani market, which allows our customers to deal with us with complete comfort in terms of flexibility and time commitment. Customers are important to us.

Our goal

A large image showing two hands shaking in a firm grip, symbolizing a deal or agreement. The background is a city skyline at sunset or sunrise, with buildings and a warm orange glow. The image is framed by a blue shape at the top and a white shape at the bottom.

Our company aims to achieve its vision of becoming one of the leading contracting developers in the region by setting economic goals with a strategic plan. We will focus on implementing the strategic business plan and achieving goals with a balanced and professional workforce .

A faint, stylized architectural pattern of lines and shapes in the background, consisting of various geometric forms and lines that create a sense of depth and structure.

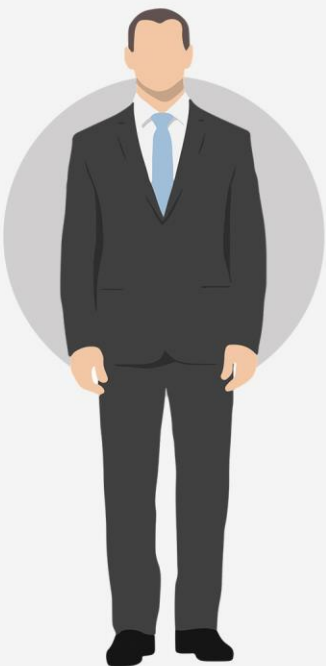

Our message

We are committed to providing the best possible services to our customers. We strive to identify potential customer problems and resolve them before construction is completed. We are constantly trying to improve our business and have a good reputation, which is the best indicator of how we are performing. We are always committed to quality keeping in mind that most of our clients come back again to enjoy our services and the best model for this is repeating our projects with the project owners.

The subcontractor is part of our organization and they are always treated with this understanding. Therefore, we have a percentage of business allocated to small and medium enterprises .

Company identity And brand development Commercial

Our company has the experience and knowledge to deliver innovative branding and significant development management through corporate identity to initiate branding for different projects which creates credibility and differentiates the brand from competitors which leads to increased customer loyalty. Thus, we ensure that all visual design elements and application standards are consistent across all media Through which the company's paths are defined as the corporate identity of the brand is the main key to success .

Our services

1
